

Boyle County High School - Business Partnership
Work Ethics Seal Program

The Boyle County Schools Work Ready Committee, working with local businesses, industries and school personnel, has developed the **Work Ethics Seal** program with a unique set of specific criteria to identify students whose hard work, attendance and extracurricular involvement distinguish them from their peers.

Students receiving the **Work Ethics Seal** should have an advantage when seeking employment, as it easily identifies potential employees who possess a demonstrated work ethic. When listed on college applications it shows that the student has learned the value of active involvement in school, and identifies the student as one who will attend class regularly and work diligently at their education. Student's participation in the **Work Ethics Seal** program is voluntary and the pursuit of the certification program will be the exclusive responsibility of the student.
